hydrobiologia volume 299 (1995), contents

no. 1

Eyualem Abebe & A. Coomans: Freshwater nematodes of the Galápagos 1–51

G. F. Watson, M. Davies & M. J. Tyler: Observations on temporary waters in northwestern Australia 53–73

I. Tátrai & A. Herzig: Effect of habitat structure on the feeding efficiency of young stages of razor fish (*Pelecus cultratus* (L.)): an experimental approach 75–81

K. D. Pandey, A. K. Kashyap & R. K. Gupta: Nutrient status, algal and cyanobacterial flora of six fresh water streams of Schirmacher Oasis, Antarctica 83–91

no. 2

S. Romo & O. van Tongeren: Multivariate analysis of phytoplankton and related environmental factors, in a shallow hypertrophic lake 93–101

R. Schulz & M. Liess: Chronic effects of low insecticide concentrations on freshwater caddisfly larvae 103–113

C. D. Snyder & A. C. Hendricks: Effect of seasonally changing feeding habits on whole-animal mercury concentrations in *Hydropsyche morosa* (Trichoptera: Hydropsychidae) 115–123

W. J. van de Bund, C. Davids & S. J. H. Spaas: Seasonal dynamics and spatial distribution of chydorid cladocerans in relation to chironomid larvae in the sandy littoral zone of an oligo-mesotrophic lake 125–138

M. A. P. Vega: Morphology and defensive structures in the predator–prey interaction: an experimental study of *Parabroteas sarsi* (Copepoda, Calanoida) with different cladoceran prey 139–145

S. A. Balla & J. A. Davis: Seasonal variation in the macroinvertebrate fauna of wetlands of differing water regime and nutrient status on the Swan Coastal Plain, Western Australia 147–161

J. Bertilsson, B. Bērzinš & B. Pejler: Occurrence of limnic micro-crustaceans in relation to temperature and oxygen 163–167

A. Beer-Stiller & P. Zwick: Biometric studies of some stoneflies and a mayfly (Plecoptera and Ephemeroptera) 169–178

no. 3

C. R. Contor & J. S. Griffith: Nocturnal emergence of juvenile rainbow trout from winter concealment relative to light intensity 179–183

A. F. M. Camargo & F. A. Esteves: Influence of water level variation on fertilization of an oxbow lake of Rio Mogi-Gluaçu, state of São Paulo, Brazil 185–193

P. Drake & A. M. Arias: Distribution and production of *Chironomus salinarius* (Diptera: Chironomidae) in a shallow coastal lagoon in the Bay of Cádiz 195–206

C. Fernández-Delgado & M. Herrera: Age structure, growth and reproduction of *Rutilus lemmingii* in an intermittent stream of the Guadalquivir river basin, southern Spain 207–213

F. R. Momo: A new model for periphyton growth in running waters 215–218

O. Necchi, Jr., C. C. Z. Branco, R. C. G. Simão & L. H. Z. Branco: Distribution of stream macroalgae in the northwest region of São Paulo State, southeastern Brazil 219–230

C. Ricci & U. Fascio: Life-history consequences of resource allocation of two bdelloid rotifer species 231–239

A. C. Hendricks, L. D. Willis & C. Snyder: Impact of flooding on the densities of selected aquatic insects 241–247

M. C. Marinone: A new and phylogenetically suggestive morphotype of *Keratella lenzi* (Rotifer, Monogononta), from Argentina 249–257

Announcements 259–260
